

Daily Programme.

Time change reminder.

Please be advised that this morning Wednesday, 20 January, the ship's time was SET BACK BY ONE HOUR.

From the navigator.

This morning we will approach from the east and make our final preparations for our arrival. We will alter course to the north west and embark the local pilot. Once the pilot is on board we will enter what is called the "Outer Reach", this is a buoyed channel which is 5 nautical miles long. We will then enter the "Middle Reach" and enter the breakwater and proceed into the "Inner Reach". After the 2 nautical mile transit through the channel we will enter the swing basin where Queen Victoria will make her final approach to her berth.

Nautical fact of the day.

'A Cup of Joe'

Josephus Daniels (18 May 1862 - 15 January 1948) was appointed Secretary of the Navy by President Woodrow Wilson in 1913. Among his reforms of the Navy were inaugurating the practice of making 100 Sailors from the Fleet eligible for entrance into the Naval Academy, the introduction of women into the service, and the abolishment of the officers' wine mess. From that time on, the strongest drink aboard Navy ships could only be coffee and over the years, a cup of coffee became known as 'A Cup of Joe'.

In the port of Port Canaveral, USA.

Arrival Time: 11.00am

Here you can feel the thrill of a rocket launch while sunning on the beach. Enjoy the fresh catch at a harbour side table. Be the first on your charter boat to hook a big one. Dance away the evening, camp under the stars and become your family's hero by bringing them to a place that's so much fun. Restaurants offer a range of fare from finger foods to full-course dinners. If you're in the mood for seafood, where could the day's catch be fresher than where it goes directly from the fishing boat's deck to the restaurant kitchen? If you're not in the seafood mood, how about a great grilled steak, smoked pork ribs, fettuccine Alfredo, fried gator bites, or a big piece of bourbon pecan pie? It's all here. The Cove is a waterfront recreation area at Port Canaveral with restaurants, lounges, shops, charter boats and a casino ship. Many Cove restaurants have outdoor tables and tiki bars, great locations for watching the cruise ships glide by regally or just enjoying an onshore breeze. There's amazing variety within easy walking distance.

General information.

Officer Profile:

Chief Engineer Paul Bailey

Paul grew up on Tyneside in North East England and first went to sea on the cargo ships of Stephenson Clarke Shipping; trading around Northern Europe and the Mediterranean. He joined P&O Cruises in 1988 as a Fourth Engineer aboard SS Canberra and subsequently worked on several ships of the P&O/Princess fleet including Sea Princess and the Aurora. In 2003 Paul was promoted to Staff Chief followed by a rise to Chief Engineer in 2008. As Chief Engineer he has worked on the Ocean Village, Oceana, Pacific Sun and Pacific Dawn (P&O Australia). Queen Victoria is his first Cunard ship and his introduction to the line was the 175 celebration in Liverpool which he found very impressive. The three Cunard liners drew a total of over 1 million spectators to the banks of the Mersey. Paul lives in Whitley Bay on the north east coast of England with his wife, Helen, two children and Oskar the dog. Time at home is spent watching sport, in particular Newcastle United, and working on classic motorcycles. Currently he is rebuilding a 1982 Laverda. Another growing interest is researching his family ancestry.
